## **BOOK SYNOPSIS**

Fundamentals of Multinational Finance is intended for use in undergraduate International Financial Management, International Business Finance, or International Finance courses. A focused, streamlined approach to creating a global financial management strategy. Tomorrow's business leaders will be expected to comprehend global markets and lead their organizations through a constantly changing global environment. By grounding concepts in the context of illuminating case studies and real-world examples, Fundamentals of Multinational Finance familiarizes students with the fundamental concepts and tools necessary to implement an effective global financial management strategy. This edition includes the many new financial management challenges faced by today's business leaders-while still providing students with a streamlined text that gets straight to the important concepts.
