## BOOK SYNOPSIS

A funny and frightening history of attitudes towards masturbation and how they have affected the sex lives of pretty much everyone living and breathing today. From the French biologist, Tissot, the original spoil-sport who turned masturbation into the scourge of young men everywhere, to the punitive German courts, to the surgical preventatives of continental Europe and England (dont ask!), to the Boy Scouts of America. Its all here, it isnt pretty but its certainly fascinating. Includes 14 pages of illustrations!
